The Study/Resource Guides are intended to serve as a resource for parents and students. They contain practice questions and learning activities for each content area.

Georgia Milestones End of Course Study/Resource Guides
Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.
