### **Black And Blonde English Edition**

Blond or fair hair is a hair color characterized by low levels of the dark pigment eumelanin. The resultant visible hue depends on various factors, but always has some yellowish color. The color can be from the very pale blond (caused by a patchy, scarce distribution of pigment) to reddish "strawberry" blond or golden-brownish ("sandy") blond colors (the latter with more eumelanin).

The spelling blonde is still widely used for the noun that specifies a woman or girl with fair hair: The blonde with the baby in her arms is my anthropology professor. Some people object to this as an unnecessary distinction, preferring blond for all persons: My sister is thinking of becoming a blond for a while. As an adjective, the word is more usually spelled blond in reference to either ...
