Original phrase. In Latin literature, Appius Claudius Caecus uses this term in his Sententiae, referring to the ability of man to control his destiny and what surrounds him: Homo faber suae quisque fortunae ("Every man is the artifex of his destiny"). In older anthropological discussions, Homo faber, as the "working man", is confronted with Homo ludens, the "playing man", who is concerned with ...

Empirical research in regard to the effects of specific game design elements on psychological need satisfaction is still scarce (Mekler et al., 2015, Seaborn and Fels, 2015). However, there are a number of studies that apply this concept, and that investigate the effects of game design elements empirically.

Finally, according to causality orientation theory (Deci & Ryan, 1985), another subtheory of SDT (Vansteenkiste et al., 2010), people differ in the extent to which they experience their actions as self-determined, which further influences whether they perceive feedback as informational or controlling (see Fig. 1). Hence, a person’s causality orientation acts as a moderator of the effects of ...

Appy Fizz is a sparkling drink that describes itself as 'the champagne of fruit drinks'. The new Appy Fizz website was part of a more extensive rebranding project by NYC-based design firm Sagmeister & Walsh. As the creators explain in their case study, the identity "visualises carbonated bubbles through a dynamic graphic language of 3D spheres and circles."

Nonfictional prose - The essay: In modern literatures, the category of nonfictional prose that probably ranks as the most important both in the quantity and in the quality of its practitioners is the essay. Before the word itself was coined in the 16th century by Montaigne and Bacon, what came to be called an essay was called a treatise, and its attempt to treat a serious theme with ...
