For the children, this activity was a game. For Marylou, it was serious business. In this one lesson
she had the children engaged in multiple components of the math curriculum—categorization, basic
number skills (counting, one-to-one correspondence, cardinality, writing numbers), graphing, and
measurement.

Research has demonstrated that the most effective read-alouds are those where children are actively involved asking and answering questions and making predictions, rather than passively listening. This article describes in detail a technique for a three-step interactive read-aloud using sophisticated storybooks.

Repeated Interactive Read-Alouds in Preschool and ...
The site navigation utilizes arrow, enter, escape, and space bar key commands. Left and right arrows move across top level links and expand / close menus in sub levels.
