This is a list of soft drinks in order of the brand's country of origin. A soft drink is a beverage that typically contains water (often, but not always, carbonated water), usually a sweetener and usually a flavoring agent. The sweetener may be sugar, high-fructose corn syrup, fruit juice, sugar substitutes (in the case of diet drinks) or some combination of these.

 said on October 13th, 2015 Hi Kris, Thanks for this concise summary. I've gone back and forth as to whether juicing is a good idea or not, and sometimes all the conflicting information out there can be confusing, but you've done a good job of highlighting the pros and cons of both.

Juicing vs. Blending | Are Juices or Smoothies Healthier?

First, let me say that I am completely in love with your site - your photography is just gorgeous! I did have a question for you about the juicing feast - I'd like to try the cleanse this weekend and have no problems with picking up the list of produce, but unfortunately, I do not have the other elements including the prime ph, phor salts, colloidal supplements, etc.
