This study revises slightly the findings of my November 2001 report, High School Graduation Rates in the United States. In that study, I used an easily replicable method to estimate the percentage of public high school students receiving a high school diploma in the nation, each state and many of the nation's largest public school districts.

High breastfeeding initiation rates show that most mothers in the United States want to breastfeed and start out doing so. However, despite the recommendation to breastfeed exclusively for about the first 6 months, less than 50% of infants were exclusively breastfed through 3 months and about 25% were exclusively breastfed through 6 months.
