The African Origins Of Civilization
From one point of view South Africans cannot boast about building Axum, KMT, or Timbuktu, because they, as a group, played no role in it. The only ‘race’ in Ancient Egypt that built the pyramids was the Egyptians themselves.

I began work on The Irish Origins of Civilization in 2005, and published both volumes of the book in November 2007. My researches into Ireland’s role in world history commenced in 1981, after a preliminary study of ancient Irish mythology. As of this date (2018) few of my theories and assertions have been accepted by modern-day writers and researchers.

Druidic Symbolism I - The Irish Origins of Civilization
At Ancient Origins, we believe that one of the most important fields of knowledge we can pursue as human beings is our beginnings. And while some people may seem content with the story as it stands, our view is that there exists countless mysteries, scientific anomalies and surprising artifacts that have yet to be discovered and explained.

Great Zimbabwe was an important commercial and political center. In addition to being in the heart of an extensive commercial and trading network, the site was the center of a powerful political kingdom, which was under a central ruler for about 350 years (1100–1450 AD). The site is estimated to have contained perhaps 18,000 inhabitants, making it one of the largest cities of its day.
